summarise\_predictive\_model\_metrics  
*Summarise Predictive Model Metrics*

---

## Description

Averages successful community-level predictive metrics across repeats.

## Usage

```
summarise_predictive_model_metrics(list_pooled_cv_evaluation)
```

## Arguments

list\_pooled\_cv\_evaluation  
Cross-validated model-evaluation object, or 'NULL'.

## Value

A one-row tibble containing Tjur R2, AUC, and log-loss summaries.
