build_pipeline_progress_monitor_server
Build a Pipeline Progress Monitor Server

Description

Builds the Shiny server function used by the targets progress monitor.

Usage

```
build_pipeline_progress_monitor_server(  
  monitor_id,  
  path_monitor_config,  
  flag_refresh_automatically  
)
```

Arguments

`monitor_id` Single character string identifying the targets watch module.

`path_monitor_config` Path to the temporary targets configuration file.

`flag_refresh_automatically` Logical indicating whether automatic refresh remains enabled at startup.

Value

A Shiny server function.
