summarise_predictive_model_metrics
Summarise Predictive Model Metrics

Description

Averages successful community-level predictive metrics across repeats.

Usage

```
summarise_predictive_model_metrics(list_pooled_cv_evaluation)
```

Arguments

list_pooled_cv_evaluation
Cross-validated model-evaluation object, or 'NULL'.

Value

A one-row tibble containing Tjur R2, AUC, and log-loss summaries.
