build_manuscript_theme

Build the Shared Manuscript Figure Theme

Description

Builds the journal-neutral theme used by main-analysis manuscript figures. The theme uses a white background, conventional sans-serif typography, and restrained grid lines suitable for print and screen review.

Usage

```
build_manuscript_theme(base_size = 9, base_family = "sans")
```

Arguments

base_size	Numeric scalar giving the base font size in points.
base_family	Character scalar giving the font family.

Value

A complete 'ggplot2' theme object.
