Make Empty Selected sjSDM Fold Artifacts

Description

Creates schema-compatible empty selected-candidate OOF prediction and fold diagnostic artifacts for scientifically inapplicable models.

Usage

```
build_sjsdm_empty_selected_fold_artifacts()
```

Value

Named list with empty 'data_predictions' and 'data_diagnostics' tibbles matching [run_sjsdm_selected_candidate_folds()].

Examples

```
build_sjsdm_empty_selected_fold_artifacts()
```
